Mr. Moore moved that same be approved as a model Cattle Genetics Improvement Program; Mr. Clay seconded the motion. The motion passed without dissent.

Mr. Royalty submitted projects A2003-0270 and A2003-0329 as projects meeting the model **Goat Diversification Program** guidelines. Ms. Harkins moved that same be approved as model Goat Diversification Programs; Mr. Moore seconded the motion. The motion passed without dissent.

Mr. Royalty submitted projects A2003-0265, A2003-0283, A2003-0259, A2003-0279, A2003-0255, and A2003-0330 as projects meeting the model **Cattle Handling Facilities Program** guidelines. Commissioner Smith moved that projects same be approved as model Cattle Handling Facilities Programs; Mr. Clay seconded the motion. The motion passed without dissent.

Mr. Royalty submitted projects A2003-0298, A2003-0277, A2003-0281, A2003-0261, A2003-0225, A2003-0327, A2003-0080, A2003-0244, and A2003-0246 as projects meeting the model **Hay, Straw & Commodity Storage Program** guidelines. Commissioner Smith moved that same be approved as model Hay, Straw & Commodity Storage Programs; Mr. Slaughter seconded the motion. The motion passed without dissent.

Committee Reports

Blue Project Review Committee

Smith Mitchell reported for the Blue Project Review Committee (PRC). Mr. Mitchell noted that the Blue PRC is presenting four projects for funding consideration.

Mr. Mitchell presented application **A2002-0656**. The applicant, **Kentucky Vocational Agriculture Teachers Association**, is requesting \$250,000 of state Agricultural Development Funds to purchase a complete customized agricultural education curriculum for use in 142 agriculture programs in Kentucky's public schools. This project will assist agriculture teachers in training students in the most current science-based agricultural principals. Currently, there are agriculture programs in 116 of Kentucky's 120 counties. The Blue Project Review Committee recommends funding this proposal through the Kentucky Center for Agricultural Development & Entrepreneurship (KCADE) grant pool. Mr. Mitchell reviewed the proposed terms and conditions for the project. Mr. Mitchell moved that A2002-0656 be approved for \$250,000 in KCADE funds; Mr. Hunt seconded the motion. Governor Patton opened the floor for questions.

Dean M. Scott Smith asked why KCADE funds were recommended rather than state funds. Stephen Yates, Project Analyst, responded that it was due to the educational nature of the project.

The motion passed without dissent.

Mr. Mitchell presented application **A2003-0087**. The application received a high priority from Anderson County. The applicant, **Anderson County Fiscal Court**, is requesting an additional \$14,000 in Anderson Co. Agricultural Development Funds to further develop the Anderson County Farmers' Market in its marketing of value-added products and locally grown produce. Producers from five area counties participate in this market. Mr. Mitchell reviewed the proposed terms and conditions for the project. Mr. Mitchell moved that A2003-0087 be approved for \$14,000 in Anderson Co. Agricultural Development Funds; Mr. Slaughter seconded the motion. The motion passed without dissent.

Mr. Mitchell presented application **A2003-0173**. The application received a high priority from Graves County. The applicant, **Purchase Area Aquaculture Cooperative, Inc.** (PAAC), is requesting \$359,275 in state and \$5,000 in Graves County Agricultural Development Funds to expand the cold storage facilities needed to service rapidly increasing market demands for PAAC products. Currently, PAAC does not have the freezer storage capacity necessary to handle present production, and therefore, must rent freezer space in Tennessee. The Blue Project Review Committee recommends that this proposal be funded for \$151,167 in state and \$5,000 in Graves County Agricultural Development Funds, Mr. Mitchell reviewed the proposed terms and conditions for this project. Mr. Mitchell moved that A2003-0173 be approved for \$151,167 in state and \$5,000 in Grant County Agricultural Development Funds; Ms. Harkins seconded the motion. Governor Patton opened the floor for discussion. The motion passed without dissent.

Mr. Mitchell presented application **A2003-0285**. The application received a high priority from Jefferson County. The applicant, **Jefferson County Farm Bureau**, is requesting \$4,000 in Jefferson Co. Agricultural Development Funds for support of the Ohio Valley Harvest Festival. This one-day event in Louisville draws attention to the value of the family farm in Kentucky and demonstrates the fresh Kentucky farm products that can be used in cooking. At the Festival, producers and restaurant chefs are paired together; the chef prepares foods based on the products available, and participants can purchase the finished dishes. Over the last 8 years of the festival over 109 producers have participated. Mr. Mitchell reviewed the proposed terms and conditions for the project. Mr. Mitchell moved that A2003-0285 be approved for \$4,000 in Jefferson Co. Agricultural Development Funds; Mr. Moore seconded the motion. The motion passed without dissent.

Red Project Review Committee

Sam Lawson reported for the Red Project Review Committee (PRC). Mr. Lawson noted that the Red PRC is presenting two projects for funding consideration.

Mr. Lawson presented application **A2003-0240**. The application received a high priority from Owen County. The applicant, **Owen County Chamber of Commerce**, is requesting \$11,150 in Owen Co. Agricultural Development Funds to start a

county farmers market. The funds will be used for marketing and promotional items, such as banners, road signs, flyers, and placemats. The funds will also be used for the purchase of vendor tents, tables, certified scales and trashcans for the market, which will be held on the grounds of the Owen County Courthouse in Owenton. Approximately 20 producers will participate in the initial market, which will be open for business on Fridays from 12:00 – 6:00 p.m. Mr. Lawson reviewed the proposed terms and conditions for the project Mr. Lawson moved that A2003-0240 be approved for \$11,150 in Owen Co. funds; Mr. Moore seconded the motion. The motion passed without dissent.

Mr. Lawson presented application **A2003-0262**. The application received a high priority from Livingston County. The applicant, **Livingston County Conservation District**, is requesting \$1,477 in Livingston Co. Agricultural Development Funds for a Progressive Farm Safety Day Camp. Mr. Lawson reviewed the proposed terms and conditions. Mr. Lawson moved that A2003-0262 be approved for \$1,477 in Livingston Co. Agricultural Development Funds; Mr. Case seconded the motion. The motion passed without dissent.

Review of Amendments

Mr. Royalty presented the following amendments for approval.

Project **A2002-0666, Henry County Boer Goat Association**, was approved for \$20,000 on April 18, 2003 for the Goat Diversification Program. This amendment is to correct the amount approved for this program. This program should be increased \$21,477 per the original request and prioritization sheet. Approval of this request brings the project total to \$41,477.

Project **A2002-0540, Owen County Farm Bureau**, was approved for \$340,000 on October 18, 2002. The applicant requests that a decrease in project funds for the Cattle Handling Facilities Program of \$42,450. This commitment is to be returned to the county balance. Approval of this request will bring project funds for A2002-0540 to \$297,550.

Project **A2002-0541, Owen County Farm Bureau**, was approved for \$63,121.94 on October 18, 2002. The applicant requests a decrease in project funds of \$52,521.94 for the Genetics Improvement Program. This commitment is to be returned to the county balance. Approval of this request brings project funds for A2002-0541 to \$10,600.

Project **A2002-0131, Henry County Cattlemen's Association, Inc.**, was approved for \$84,000 on March 15, 2002. The applicant requests a decrease in project funds of \$32,568 for this Forage Improvement Program. These funds are to be reallocated to the Handling Facilities Program (A2002-0082). Approval of this request brings project funds for A2002-0131 to \$51,432.

Project **A2002-0082, Henry County Cattlemen's Association, Inc.**, was approved for \$84,000 on March 15, 2002. The applicant requests an increase in project funds of \$32,568 for this Handling Facilities Program. These funds are to be reallocated from the Forage Improvement Program (A2002-0131). Approval of this request brings project funds for A2002-0131 to \$115,568.

Project **A2001-0087, Purchase Area Aquaculture Cooperative**, was approved for \$381,000 on April 20, 2001. Staff recommends that the terms of the original agreement for this project be amended: changing the format from a forgivable loan to a grant. The current agreement, in the form of a forgivable loan, has forgiveness based upon PAAC building up a net worth equal to two times the amount of the loan within five years of the disbursement. PAAC has complied with all terms and conditions, except the establishment of a net worth of \$762,000.00. Although PAAC has not yet established a net worth to reach forgiveness, in calculating their increased assets over the first two years of the agreement, PAAC has provided well over a 50% match during this time period. Due to this unanticipated accomplishment, staff recommends that the terms of the existing agreement with PAAC be amended to reflect a grant agreement requiring a 50% match.

Approval

Recommendations for No-Funding⁴

Mr. Royalty presented projects A2003-0026, A2003-0230, A2003-0267, and A2003-0269 as projects recommend for no-funding by the project review committees. Mr. Lawson moved that no funding be awarded to same; Ms. Harkins seconded the motion. The motion passed without dissent.

Other Business

Mr. Royalty yielded the floor to Wayne Hunt to comment on the KY Agricultural Finance Corporation (KAFC) and their application, which is in the members' application packets.

Mr. Royalty updated the Board on the most recent Tobacco Settlement Oversight Committee (TSOC) Meeting (June 10). The TSOC meets every 30 days to review programs/projects of the Agricultural Development Fund and the impact (# impacted, affect on net farm income, economic soundness) those programs/projects have on Kentucky's farm families. The next meeting of TSOC is Tuesday, July 8 at 1:30 p.m. in the Capitol Annex.

Mr. Royalty noted that the next KAFC meeting would be the morning of July 8, so that members can attend the TSOC meeting in the afternoon.

Mr. Bratcher added that the TSOC is very interested in the impact on tobacco-impacted communities and where the state money is being directed.

Mr. Lawson reiterated his two concerns about KAFC.

Mr. Bratcher noted that a white paper discussing the idea of a County Level Loan Program had been written and will be mailed to the Board in their next mailing.

⁴ Detailed list of projects for a no-funding recommendation listed in Appendix C.

Mr. Hunt noted that it had been suggested that KAFC send a letter to every lending agency to provide information about the proposed programs and to solicit feedback from them with their suggestions.

Ms. Harkins raised a question about the “shelf life” of certain model programs. She suggested that the Board consider what the useful life of some of the programs is and possibly ending some programs.

Governor Patton asked where the Board stands on funding Regional Farmers’ Markets.

Mr. Bratcher noted that the Bath County Regional Farmers’ Market had been funded with both state and county funds. Other applications had been received under the auspices of a regional market, but were designed more like an agricultural exposition center.

Ms. Harkins added that local county farmers’ market had also been supported through the fund either as an individual application or through the Agricultural Diversification Program.

Closing Remarks

Governor Patton noted his appreciation for the hard work John-Mark Hack had committed to this program and asked the Board to pass a “Resolution of Accommodation” for Mr. Hack. Susan Harkins moved that a Resolution of Accommodation be drafted and presented to Mr. Hack; Mr. Mitchell seconded the motion. The motion passed without dissent.

The next meeting of the Kentucky Agricultural Development Board will convene at 10:00 a.m. on Friday, July 18 in Capitol Room 110, Frankfort. Note time and location of meeting subject to change; ample notification will be given if such a change occurs.

The meeting adjourned at 2:30 p.m.
